

***The Governor's Innovation Council, Office of Information Technology,
and Silicon Flatirons Center are hosting the:***

2008 Colorado Broadband Summit

Co-sponsored by: Action 22, Club 20, Colorado Counties, Inc., Colorado Municipal League, Colorado Rural Development Council, and Progressive 15

The 2008 Colorado Broadband Summit will bring together leaders in government, academia, and industry to evaluate the importance of broadband to our State and how broadband intensive applications can make a difference in areas ranging from education to health care to energy conservation. In addition to the array of experts and stakeholders who will participate in this event, Governor Ritter and Level 3 President and CEO James Crowe will be presenting.

**Participation is free; however, registration is required.
Lunch will be provided at the event.**
