

But do we trust it?

What do these photos have in common?

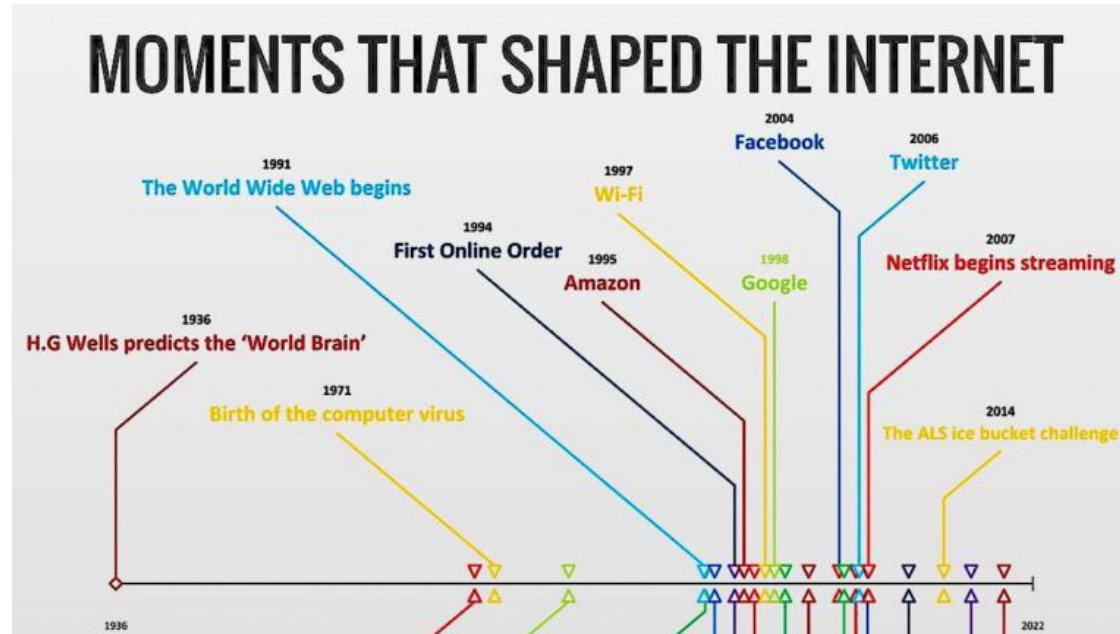

Toni Barros at <https://www.flickr.com/photos/12793495@N05/3233344867>

Disruptive technology displaces established technology ...

... creating opportunities for innovation, new industries

<https://infographicsite.com/infographic/internet-history/>

Regulation lags innovation ... most of the time

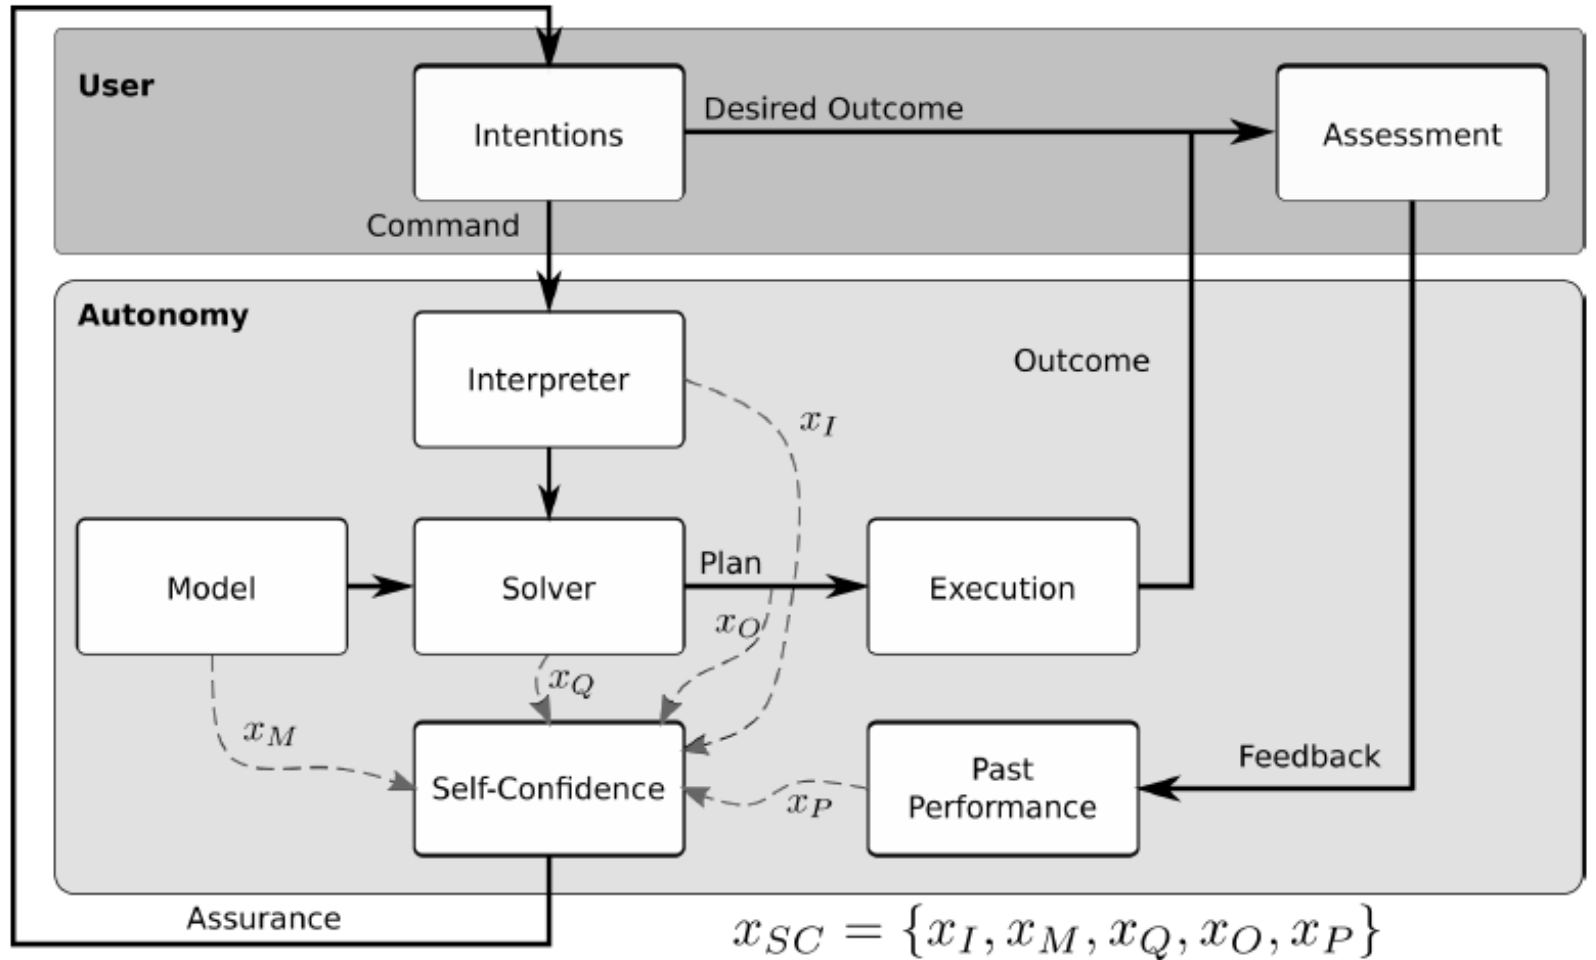

To Certify is to Trust

Human → License

Machine → Certification

Human + Machine → ?

AI → License + Certification?

Factorized Machine Self-Confidence
